

FROM THE PRINCIPAL

Dear Parents and Community Members,

During the 2015-2016 school year, all students in the state took new statewide assessments called Smarter Balanced. These assessments replaced the OAKS reading and math assessments. Smarter Balanced assessments are more in-depth, going beyond standardized multiple choice tests, and are aligned with the new standards being taught. The new content standards set higher expectations for students, meaning the expectations for student achievement are higher than they used to be. As a result, it is likely that fewer students will score at the higher achievement levels on the assessments, especially the first few years. Results should improve as students have more years of instruction based on the new standards.

Being the second year the assessment was given, no school received an overall State School Report Card Rating. However, you will see school wide results on the following pages but **no overall ratings were given to**

schools this year.

Based on the results reported, this year Auburn Elementary reported:

- English Language Arts 33% met/exceeded state standards
- Math 34% met/exceeded state standards

As part of our efforts to increase academic success for all of our students and to provide targeted instruction for students K-5, our teachers have received additional training this summer to provide even higher quality instruction in our classrooms in lesson design, Common Core State Standards, reading, writing and mathematics.

As always, we thank you for being involved in your child's education and for being partners with us to ensure our students are college and career ready.

Thank you,

Principal | Sue Luthra

OVERALL SCHOOL RATING

Given the recent passage of the Every Student Succeeds Act (ESSA) and the expiration of Oregon's ESEA flexibility waiver on August 1, 2016, the State of Oregon will not assign ratings (i.e., overall and comparison school ratings) to schools for the 2015-16 school year.

Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
