

## FROM THE PRINCIPAL

Dear Parents and Community Members,

During the 2015-2016 school year, students in Oregon again took the Smarter Balanced Assessments. No overall school rating levels have been assigned to Oregon schools for the past two years, however, you will see a ratings level for Academic Achievement, Academic Growth and Sub-group growth. Achievement based on the Smarter Balanced Assessments for Clear Lake Elementary showed:

- 72.1% of students in grades 3-5 met or exceeded state standards for English Language Arts

- 70.8% of students in grades 3-5 met or exceeded state standards for math

Improving the achievement of the following subgroup populations: Economically Disadvantaged, English Learners, Students with Disabilities, and Underserved Races and Ethnicities, has been an important goal for

Clear Lake Elementary. Smarter Balanced Assessments for 2015-2016 show improvement in the median growth for students in all of these subgroups.

As part of our efforts to increase academic success for all of our students, our teachers have received additional training in the delivery of English Language Arts curriculum and creating positive behavior supports. You can continue to help your student(s) by monitoring their homework, communicating with their teachers, attending parent-teacher conferences, or even volunteering. We look forward to partnering with you over the coming year to ensure our students are college and career ready.

As always, we thank you for being involved in your child's education!

Thank you,

Principal | Tara Baldrige
