

FROM THE PRINCIPAL

Dear Parents and Community Members,

During the 2015-2016 school year, all 3rd through 5th-grade students took statewide assessments called Smarter Balanced Assessment Consortium (SBAC). These assessments are aligned with the Common Core State Standards and set higher expectations for students than multiple choice tests given in the past. As a result, it is likely that fewer students will score at the higher achievement levels on the assessments, especially in the first few years. Results should improve over the next few years of instruction based on the new standards.

This was only the second year the assessment was given. No school received an Overall State Report Card Rating. However, you will see school wide results on the following pages. Results reported for Cummings Elementary School:

- English Language Arts 39.9% met/exceeded state standards

- Math 34.8% met/exceeded state standards

- Growth percentiles look at students' growth as compared to that of their academic peers. Growth for Cummings Elementary:

- English Language Arts 42.5%

- Math 39.5%.

Compared to the 2014-2015 school year, this past year students at Cummings Elementary showed a slightly lower rate of growth.

A great area of strength is our participation rate. Cummings Elementary had 99% of all 3rd through 5th-graders participate in the SBAC. This means that we have a very accurate look at how our students are achieving and growing. This vital information helps us determine what the next steps are for our school in order to increase the success of our students. As part of our efforts to increase academic success for all students and to provide targeted instruction for K-5 students, our teachers continue to receive additional training to provide even higher quality instruction in our classrooms. Professional development will be offered in lesson design, Common Core State Standards, reading, writing and mathematics. As always, we thank you for being involved in your children's education and for being partners with us to ensure our students are college and career ready.

Thank you,

Principal | Martina Mangan

OVERALL SCHOOL RATING

Given the recent passage of the Every Student Succeeds Act (ESSA) and the expiration of Oregon's ESEA flexibility waiver on August 1, 2016, the State of Oregon will not assign ratings (i.e., overall and comparison school ratings) to schools for the 2015-16 school year.

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
