

FROM THE PRINCIPAL

Dear Parents and Community Members,

During the 2015-16 school year, Oregon students once again took the Smarter Balanced statewide assessments. To prepare Hammond students for these more rigorous assessments, teachers focused their instruction so that it fully aligned with the content standards, provided all students with access to the more rigorous grade level content, and set higher academic expectations for all students.

Based on the results reported for the 2015-16 school year, the percentage of Hammond students meeting/exceeding standards increased slightly from the previous year in both the English Language Arts and Math assessments.

- English Language Arts – 47.2% of students met/exceeded state standards

- Math – 33.7 % of students met/exceeded state standards

As we continue to focus our efforts on increasing academic success for all of our students, Hammond teachers will continue to provide rigorous classroom instruction that is fully aligned to the Common Core State Standards in reading,

writing, and mathematics. Teachers will continue to receive training so that the classroom instruction they provide is appropriate for the unique learning needs of every student. Grade level teams will continue to consistently monitor students' progress and will analyze student data to provide timely and targeted intervention for students as needed. Additionally, Hammond will continue to implement a Positive Behavior Intervention and Support model, resulting in a positive and conducive learning environment for Hammond students.

Thank you for being an involved partner in your child's education. By ensuring that your child arrives at school on time each day and by maintaining contact throughout the school year with your child's teacher, you will assist us in preparing every Hammond student to be college and career ready.

Thank you,

Principal | Lori Tan

OVERALL SCHOOL RATING

Given the recent passage of the Every Student Succeeds Act (ESSA) and the expiration of Oregon's ESEA flexibility waiver on August 1, 2016, the State of Oregon will not assign ratings (i.e., overall and comparison school ratings) to schools for the 2015-16 school year.

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
