

FROM THE PRINCIPAL

Dear Parents and Community Members,

I am extremely excited to have the opportunity to join the Optimum Learning Environments (OLE) Charter School for the 2016-2017 school year! While the Overall Level was not rated in the 2016-2017 school year, most students at OLE performed at or above grade level in both English Language Arts and Mathematics. We will continue to make efforts to improve the scores of all of our students with a particular focus on those students who did not score at or above the proficient level.

We are excited to use a variety of research-based strategies, some of which we will be continuing and others that are new to the school and the district. In English Language Arts, we are continuing to use an integrated and well-balanced approach to reading and writing instruction by integrating new curriculum. In Math, we are continuing

to use best practices, such as data-teams, common formative assessments, and scaffolding to improve the skills of our students. As parents, you can assist your student by monitoring your student's work, both from class and homework, reading regularly with your child, maintaining open lines of communication with your student's teacher, and supporting everything that students do at school.

We look forward to a great continued partnership with you over the coming year, making sure that all of our students reach their fullest potential.

Thank you,

Principal | Thomas Charboneau

OVERALL SCHOOL RATING

Given the recent passage of the Every Student Succeeds Act (ESSA) and the expiration of Oregon's ESEA flexibility waiver on August 1, 2016, the State of Oregon will not assign ratings (i.e., overall and comparison school ratings) to schools for the 2015-16 school year.
