

**FROM THE PRINCIPAL**

Dear Parents and Community Members,

During the 2016-2017 school year, students in Oregon again took the Smarter Balanced Assessments. No overall school rating levels have been assigned to Oregon schools for the past two years. However, you will see rating levels for Academic Achievement, Academic Growth, and Student Group Growth. Achievement based on the Smarter Balanced Assessments showed that over a quarter of Scott Elementary students in grades 3-5 met or exceeded the state standards in English Language Arts and approximately a sixth of students in grades 3-5 met or exceeded the state math standards. These results show a slight decrease from the 2015-2016 results.

Scott Elementary staff are committed to meeting the needs of all students and are continuing to provide additional supports to students especially in reading and math. The academic growth of Scott Elementary students increased in both the areas of reading and math, when compared to other students in Oregon with similar prior test scores. These scores suggest that Scott

Elementary students have transitioned well to the increased rigor within the Oregon state standards.

Student Group Growth shows increased growth within almost all sub-groups in the area of English Language Arts and math. Improving the achievement of all sub-groups of students has been an important goal for Scott Elementary.

The Scott staff is committed to increasing the academic success of all students. Teachers have received additional training this past year delivering high quality instruction in reading and math as well as providing positive behavior supports. We appreciate the involvement of parents and our school community. Together we will ensure our students are prepared for success in college and careers.

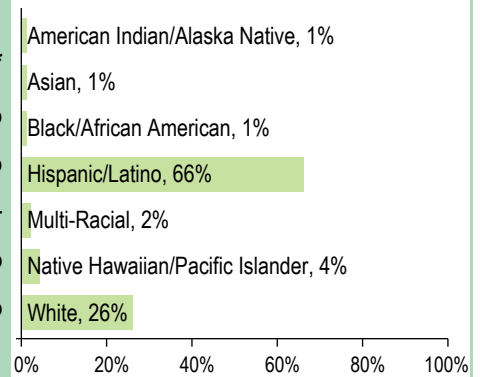

Thank you,

Principal | Tracy Moisan

**IMMUNIZATION RATES**

Percent of students with all required vaccines: 96  
Percent of students without all required vaccines: 4

*(The percent without required vaccines includes students with medical exemptions, nonmedical exemptions, no immunization records, or up-to-date but incomplete immunization records. Visit <http://www.healthoregon.org/immdata> for more information.)*

When data are unavailable or to protect student confidentiality:

\* refers to groups of less than 6 students.

<5 indicates that a percentage is less than 5%.

>95 indicates that a percentage is greater than 95%.

\*\*\* refers to a school that offers lunch at no charge to all students.

The Oregon Department of Education (ODE) will not assign summative, overall ratings to schools on the 2016-17 report cards given the upcoming implementation of the Every Student Succeeds Act (ESSA) in 2017-18. However, the ODE will report indicator ratings (e.g., achievement, growth, graduation, etc.) for each school and student group on the 2016-17 Report Card (RC) Rating Details reports. These reports are accessible at <http://www.oregon.gov/ode/schools-and-districts/reportcards>. For more information about ESSA and the redesign of the school and district report cards, please visit <http://www.oregon.gov/ode/rules-and-policies/ESSA>.

## PROGRESS ARE STUDENTS MAKING ADEQUATE GAINS OVER TIME?

### SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments?  Yes  No, Interpret Results with Caution  
*Participation rate criteria are in place to ensure schools test all eligible students.*

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.

2014-15 was the first operational year of the new English language arts and mathematics assessments.
