

FROM THE PRINCIPAL

Dear Parents and Community Members,

During the 2016-2017 school year all students in the state grades third through fifth took the statewide assessment called Smarter Balance. In the following pages you will see our school wide results but no overall rating was given to our school or any school this year. Based on the results reported Washington Elementary School students are below where we would like to see them in both academic achievement and academic growth. We have chosen to address the issue of below standard performance by continuing to focus our resources on implementing the Common Core State Standards. In Literacy we will be continuing our efforts to implement ReadyGEN curriculum. In addition we will be

focused on effective collaboration among teachers through the Data Team process to improve our use of assessment data to provide targeted interventions for students who are needing additional support in meeting grade level standards. At Washington we focus on growth, the Smarter Balanced assessment is just one area to measure growth. We as a staff promise that we will focus on high academic achievement and growth. As always we thank you for your involvement in your child's education and for being a partner with us as we ensure our students future success in college or career.

Thank you,

Principal | Scott Stenlund

STUDENTS

IMMUNIZATION RATES

Percent of students with all required vaccines: 99
Percent of students without all required vaccines: 1

(The percent without required vaccines includes students with medical exemptions, nonmedical exemptions, no immunization records, or up-to-date but incomplete immunization records. Visit <http://www.healthoregon.org/immdata> for more information.)

When data are unavailable or to protect student confidentiality:

** refers to groups of less than 6 students.*

<5 indicates that a percentage is less than 5%.

>95 indicates that a percentage is greater than 95%.

**** refers to a school that offers lunch at no charge to all students.*

The Oregon Department of Education (ODE) will not assign summative, overall ratings to schools on the 2016-17 report cards given the upcoming implementation of the Every Student Succeeds Act (ESSA) in 2017-18. However, the ODE will report indicator ratings (e.g., achievement, growth, graduation, etc.) for each school and student group on the 2016-17 Report Card (RC) Rating Details reports. These reports are accessible at <http://www.oregon.gov/ode/schools-and-districts/reportcards>. For more information about ESSA and the redesign of the school and district report cards, please visit <http://www.oregon.gov/ode/rules-and-policies/ESSA>.

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.

2014-15 was the first operational year of the new English language arts and mathematics assessments.
